

NORDVALV
INDUSTRIAL

Industrial Ball Valves

Stainless steel CF8M construction

PTFE / RPTFE seat options

Designed for industrial flow control

 techsupport@nordvalv-industrial.es

NORDVALV
INDUSTRIAL

Actuated Valve Systems

Electric or pneumatic actuation

On / Off flow control

Ready for automation systems

NORDVALV
INDUSTRIAL

Standards & Compliance

ISO 5211 mounting interface

EN 558-1 face to face

NACE MR0175 / MR0176 compliant

NORDVALV
INDUSTRIAL

Engineered for Reliability

CF8M valve body

AISI 316 ball and stem

Stable performance in operation

**NORDVALV
INDUSTRIAL**

Tested for Industrial Use

Body pressure testing

Seat leakage testing

ISO 15848 low emissions

Industrial Applications

Process control systems

Water and utility networks

Chemical and industrial plants
